SHOWSTOPPING CRAFTSMAN HOME! The Aberdeen is a remarkable one-story home design with 4 bedrooms, 3 bathrooms, available in brick or siding, and a spacious open-concept living area with a vaulted great room open to the kitchen, breakfast room, and dining room. Ideal kitchen layout for the chef in your life with the generously sized sink island and adjacent walk-in pantry. Breakfast room overlooks the backyard and the great room features french door access to the back porch. The Aberdeen was designed with privacy in mind, with the split bedroom floor plan affording a secluded master suite. Three additional bedrooms and two full bathrooms are located off a separate hallway on the opposite side of the home. The stately master suite features a private bathroom with tile walk-in shower, freestanding tub, and ample walk-in closet space. There are also a separate study and oversized laundry room adjacent to the master suite. Call today for more information.

*** Price Disclaimer - Please Note – This price is based on structure only built to our standards assuming a slab on grade foundation. No account is taken into for lot specific items such as grading, driveway, landscape, etc. Renderings often show raised foundations, masonry chimneys and upgraded front doors which are potentially upgrades depending on the plan selected. Renderings often show a different grid pattern or window style than what the Building Plans show. Consult with your local design consultant for further details.**
